

Struggling to manage your inventory?

Take control today and automate your stock management with Buy IT Right.

Buy IT Right is the latest platform designed for Pharmacy. Our advanced inventory management solution combines efficiency with automation to streamline stock control, interpret supplier deals, and recommend the most cost effective orders.

Your all in one solution to:

Reduce
time spent
managing
stock

Improve
working
capital

Maximise
buying deals
from suppliers

Optimise
your work-life
balance

To help optimise your stock and cost of goods, as a 1st line Arrotex customer, Buy IT Right will be subsidised for your dispensary, saving you fees of \$400pm.

Why Choose Buy IT Right?

What sets us apart is our commitment to empowering pharmacy owners with efficient, cost effective and time saving solutions. With Buy IT Right, you gain a trusted resource dedicated to enhancing your operational efficiency, reducing costs and ultimately providing the freedom to focus on delivering exceptional service to your community. Take control of your pharmacy with Buy IT Right - where innovation meets effective stock management.

Suggested Orders

Buy It Right will scan supplier deals & apply a 'Best Deal' logic algorithm to ensure you receive the best product at the best price.

Reduce Staff Dependency

Spend less time managing inventory and more time focusing on what matters most... your customers.

Range Optimisation

Analysing your store data, Buy IT Right will optimise your inventory and minimise any future dead stock.

Multi-Store Management

Whether your a single store pharmacy or own multiple stores, Buy IT Right is tailored to meet your pharmacy needs.
