

Are you a pharmacy student seeking an internship?

InternLab is a personalised, bespoke support program that has been developed and led by industry experienced IPA pharmacists. The program connects pharmacy students to experienced pharmacist mentors. The program will allow you to gain practical skills to use in your future career as a pharmacist.

Student benefits:

- + Access to past papers and mock oral exam practice
- + Experienced Pharmacist mentorship
- + The 'go-to' program if you want to own a pharmacy
- + No forced assignments
- + Gain the skills to effectively lead and manage a pharmacy from the from day one as a Pharmacist, equipping you with a unique skill set
- + Upon full registration, you'll be at an advanced level compared to your cohort, equipped with focused training in pharmacy management and essential business skills
- + Have access to online forums, the InternLab Intranet, and live webinars and workshops led by industry renowned Pharmacists and leaders
- + Intern and Preceptor of the year recognition program - looks great on your CV!
- + This is a free program - your pharmacy pays for you!
- + 100% success rate*
